

STRONG EVIDENCE GIVEN BY WOMEN

Texas Mother Tells of Plant Juice
Tests Made by Herself
and Daughter

"I have found your Plant Juice a Godsend." Such was the statement of Mrs. G. B. Rogers, who resides at 1719 Summer street, Houston, Texas. Mrs. Rogers, who had been using the tonic for herself and daughter, spoke with enthusiasm.

"For myself, I have used the Plant Juice for kidney and bladder trouble. I think I suffered with uric poisoning, for my nerves were a wreck, my sleep was broken and I was in constant pain night and day with my kidneys. Plant Juice has stopped the pain and I rest better and feel better than I have for months. But every mother should know what Plant Juice did for my daughter. She is 17 years old, and every mother will know what a critical time that is in a girl's life. It just seems as if we lay the foundation then of a life of health and happiness or sickness and misery. I believe your Plant Juice is a real Godsend to girls and women."

"For women who suffer with extreme nervousness, have blue spells, a desire to cry, who fret and worry needlessly, have neuritis, or any derangement of the stomach, liver or kidneys, nothing in the world is so immediately effective as Plant Juice. It is a rare combination of the juices of medical plants gathered from all parts of the world. The Plant Juice man is at Schramm-Johnson drug store No. 5, corner Main and Third South. Go and ask him about this wonderful tonic. Your money will be refunded if it fails to benefit you."

TO VOTE FOR ROOSEVELT

Senator Cummins, Iowa,
Denounces Taft—Is
for Progress

Davenport, Ia., Sept. 3.—Senator Albert B. Cummins, of Iowa, in a public statement issued today declares that he expects to vote for Colonel Roosevelt for president, but is opposed to the formation of a third party. He does not believe that President Taft was the choice of the Republicans of the nation.

"The renomination of President Taft," said Senator Cummins, "was opposed by overwhelming majority of the Republicans throughout the country simply because in his administration of the office of president he had not done nor said the things which the great body of the people believed he should have done and said. A meager majority succeeded in renominating him."

The senior Iowa senator then reviews the basis of representation, by means of which, he claims, states with but a meager Republican vote, dominate the conventions and force on the great mass of the party, men undesirable to the majority. Continuing, he said:

"The man could not see that there would be a rebellion whenever these over-represented states forced a nomination against the strong opposition of the states in which there is a real Republican party, was blind as a bat, and the man who could not hear the rumble of the rising storm was as deaf as an adder."

Nominations.—If the convention which nominated Mr. Taft had changed the system in obedience to the popular demand, we might have had patience to wait; but, as though wanting to furnish every reason for revolt, it attempted to fasten it still more firmly upon us. If this were all we would be amply justified in overthrowing the system by refusing to accept the nominee. But this is not all.

The system, indefensible as it is, was not enough to overcome the adverse majority in the Republican states and therefore the complainant committee, and following them the convention, deliberately seated Taft delegates from Washington, California, Arizona and Texas, who had no shadow of title to seats in the convention. I speak of these states because I have examined the record as to them and have reached a conclusion after the most careful study and reflection. And thus the will of a tremendous majority was defeated by the power of a bad system and the machinations of a committee.

Takes No Pleasure.—I take no pleasure in reciting these things for I would like to support a Republican candidate for president. There is but one way, however, to make sure that the system of the Chicago convention will be abolished and its scenes never repeated and that is to make it plain that the candidate who is the product of the system and the beneficiary of the methods cannot reach the office to which he aspires. Therefore, I cannot support Mr. Taft.

"In so saying, I am all the more a Republican for it is clear to me that the existence of a party depends upon a quick and emphatic condemnation of the wrongs I have mentioned and I am in perfect harmony with the declaration of the Iowa Republican platform."

Senator Cummins then quotes the individual conscience plank of the Iowa Republican platform, in which it is left to the voter to determine for whom he will vote for president.

Taft Not Progressive.—Continuing, he says:

"The reason the Republicans were so largely against the renomination of Mr. Taft was their profound conviction that he is not a Progressive and does not believe in a proper sense that the people should rule the country. The fact that this was the attitude of the vast majority of the Republicans proves to me conclusively that a new party is unnecessary, untimely and unfortunate. I fear that it will retard, rather than hasten, reform. Theodore Roosevelt was the manifest choice of the great number of Republicans who expressed a choice for president. He is appealing to the moral and progressive forces of the people and I expect to vote for him; but it must be understood that I will do so protesting against the organization of a new party and dissenting with some of the doctrines of his platform. My vote for him will indicate that I believe he desires to promote the common welfare, but will not indicate that I look upon the new party as a wise or enduring movement in public affairs."

Senator Cummins in conclusion devotes his attention to the Republican state nominees, saying his chief interest in this campaign is to see that they are elected.

Wilkesbarre, Pa., Sept. 3.—The two small daughters of Arthur Gething, a farmer living near here, are believed to be dying from injuries received when they were attacked in bed by a large rat, which bit them repeatedly about the face and chest. Gething was awakened in the middle of the night by the sounds of the struggle and succeeded in killing the rat with a blow from his shoe.

WILSON SPEECH TORN TO SHREDS

Kansas City, Sept. 3.—Woodrow Wilson's criticism of the minimum wage scale feature of the Progressive platform last night brought a sharp retort from Governor Hiram Johnson of California, speaking in Convention hall.

The candidate for vice president on the Progressive ticket said Governor Wilson failed to comprehend the question he discussed.

"I read with some surprise on my way to your city the speech of the Democratic candidate for president in which he denounced the minimum wage for women," Governor Johnson said.

"I ask you, did the tired woman who labors for a meager wage, or the employer who makes it necessary for her to toil for this unsatisfactory sum, rejoice when they read the statement?"

"It is apparent that the candidate who made that utterance utterly lacks an understanding of the particular evil which we seek to remedy."

The meeting was enthusiastic, and, despite a driving rain, the hall was almost full. Hundreds of women were present. Many suffrage banners decorated boxes. As Governor Johnson was entering the hall, a young woman fastened a yellow balloon labeled "votes for women" in his coat lapel, but he discarded it before he mounted the platform.

REBELS CUT WIRES

Cananea, Sonora, Mexico, Sept. 3.—Marauding rebels made a dash into the Cananea district today and cut all of the wires between this city and Naco. Three railroad bridges were burned and the rails for a considerable distance either side of these structures removed.

As soon as the news reached Cananea, volunteers were called for and 200 men left to engage the rebels. The latter were reported as numbering about 125 men, all mounted.

AMERICANS IN DANGER

Washington, Sept. 3.—Americans at Cananea are reported in danger from Mexican rebels and without sufficient arms and ammunition. A messenger from Dr. Ricketts to General Schuyler, said the Americans were in desperate straits. In a report to the war department today the situation is described as critical along the border.

Chicago Grain.

Chicago, Sept. 3.—Big receipts from the northwest and heavy world shipments had a depressing effect today on wheat. Commission houses were generally sellers. Aside from moderate short coverings, there was no important demand. The opening was 1-4 to 1c, and steadied at 1-2 1-8c.

Favorable weather for the growing crop made the corn market easy. December opened 1-4@3-8c to 5-8@3-4c off at 5 3-8c to 5 4-3c and later held around 54 5-8c.

Oats showed steadiness owing to a well distributed trade. December started unchanged to 1-8c down at 32 1-8c to 32 1-4c and seemed inclined to remain within those limits.

Price changes in provisions were in-

market as a whole, however, averaged about the same as Saturday night. First sales varied from 5c lower to 10c advance, with January \$19.35 to \$19.40 for pork; \$10.90 for lard and \$10.37 1-2 for ribs.
